

RCL Advisory

Investment Advisory • Project Facilitation • Industrial Development

OUR PROFILE

WHO WE ARE

RCL Advisory Limited is a specialized investment advisory and project facilitation firm based in Tanzania, dedicated to supporting local and international investors in establishing, structuring, and scaling successful businesses.

We provide end-to-end advisory services across the full investment lifecycle – from initial concept development and market entry to regulatory approvals, project execution, and operational readiness.

With deep expertise in Tanzania's regulatory, legal, and investment environment, RCL Advisory works closely with key government institutions including TISEZA, TRA, NEMC, OSHA, TBS, and TMDA to ensure efficient, compliant, and timely project implementation.

Our strength lies in bridging the gap between investors and the local operating environment – turning complex regulatory and operational processes into structured, achievable outcomes.

WHY RCL ADVISORY?

Proven Regulatory Expertise

- Strong working experience with TISEZA, TRA, TMDA, NEMC, OSHA, TBS, and other key authorities

End-to-End Investment Support

- From company registration to full operational setup

Industrial Project Focus

- Specialized in manufacturing, SEZ/EPZ projects, and large-scale investments

Why Investors Choose RCL Advisory

Execution-Oriented Approach

- We don't just advise – we deliver results on the ground

Strong Government & Stakeholder Coordination

- Efficient handling of approvals, permits, and compliance processes

Speed & Efficiency

- Minimizing delays in approvals, licensing, and implementation

Investor-Centric Solutions

- Tailored strategies aligned with financial, operational, and regulatory goals

MISSION, VISION & CORE VALUES

MISSION

To help investors establish and grow successful businesses in Tanzania through expert advisory, regulatory facilitation, and strategic support.

VISION

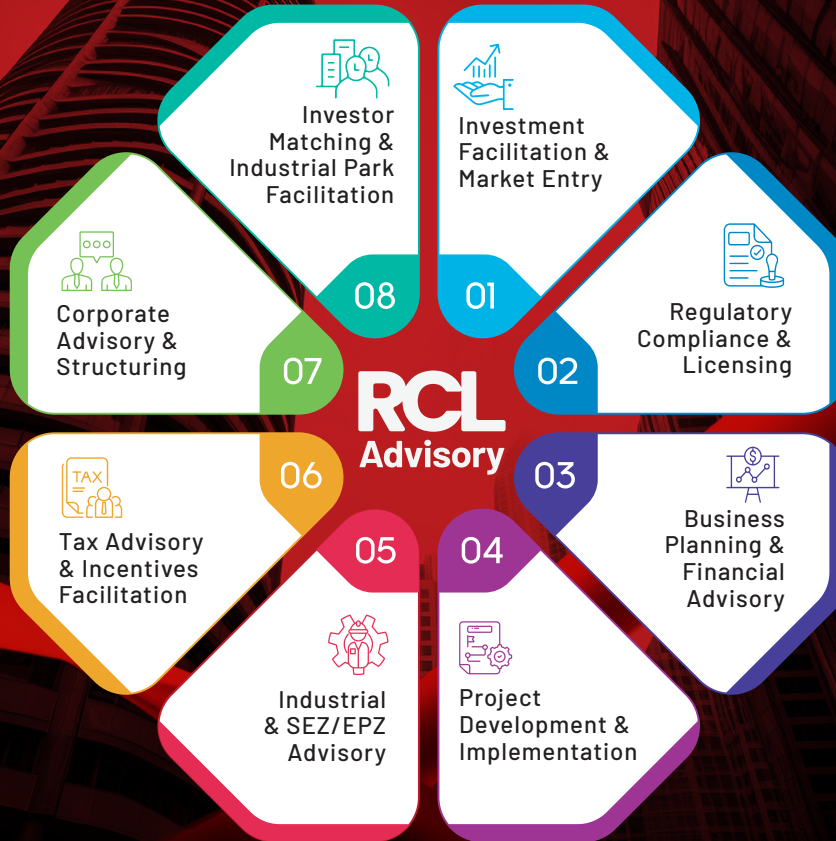

To be a trusted partner in driving investment and industrial growth in Tanzania and across Africa.

CORE VALUES

- ✓ Professional Integrity
- ✓ Client Commitment
- ✓ Excellence
- ✓ Collaboration
- ✓ Innovation

OUR SERVICES

Investment Facilitation & Market Entry

01

We support investors in establishing their presence in Tanzania through structured and efficient market entry strategies.

Key Outcomes:

- × Faster business establishment
- × Smooth navigation of regulatory processes
- × Optimized investment structuring

Services Include:

- × Company incorporation and registration
- × Market entry advisory
- × Investment structuring
- × Facilitation of Certificates of Incentives (COI) and SEZ licenses through TISEZA

Regulatory Compliance & Licensing

02

We ensure all regulatory requirements are met efficiently, reducing risk and delays.

Key Outcomes:

- × Full compliance with Tanzanian laws
- × Reduced approval timelines
- × Strong regulatory positioning

Services Include:

- × Business licenses and permits
- × Environmental approvals (NEMC)
- × OSHA, TBS, TMDA compliance
- × Tax registration and advisory (TRA)

Business Planning & Financial Advisory

03

We develop comprehensive, investor-ready business plans and financial models to support decision-making, financing, and long-term growth.

Key Outcomes:

- × Improved access to financing
- × Clear financial visibility and projections
- × Strong investment positioning

Services Include:

- × Business plan development
- × Feasibility studies
- × Financial modeling (5–10 years projections)
- × Investment analysis (IRR, NPV, ROI)
- × Capital structuring and funding advisory

Project Development & Implementation

04

We support the execution of projects from planning through to completion, ensuring effective coordination, timely delivery, and operational readiness.

Key Outcomes:

- × Structured project execution
- × Reduced operational and implementation risks
- × Timely project delivery

Services Include:

- × Project planning and scheduling
- × Site development support
- × Contractor and stakeholder coordination
- × Project monitoring and reporting
- × Operational setup support

Industrial & SEZ/EPZ Advisory

05

We provide specialized advisory services for industrial projects, including SEZ and EPZ developments, ensuring optimal structuring and access to incentives.

Key Outcomes:

- × Access to tax incentives and exemptions
- × Strategic positioning within SEZ/EPZ frameworks
- × Efficient project setup and compliance

Services Include:

- × SEZ/EPZ licensing (TISEZA)
- × Incentive structuring (tax, duty, VAT deferment)
- × Land acquisition and derivative title facilitation
- × Industrial park and large-scale project advisory
- × Regulatory engagement and approvals

Tax Advisory & Incentives Facilitation

06

We assist clients in navigating Tanzania's tax framework while maximizing available incentives and ensuring compliance with tax regulations.

Key Outcomes:

- × Optimized tax efficiency
- × Access to applicable exemptions and deferments
- × Reduced tax-related risks

Services Include:

- × Tax registration and structuring (TRA)
- × VAT deferment applications
- × Import duty exemptions facilitation
- × Tax compliance advisory
- × Tax clearance support

Corporate Advisory & Structuring

07

We provide strategic advisory on corporate structuring, governance, and compliance to ensure efficient and legally sound business operations.

Key Outcomes:

- × Strong corporate governance framework
- × Efficient business structuring
- × Compliance with legal requirements

Services Include:

- × Shareholding and corporate structuring
- × Board resolutions and corporate documentation
- × Amendments and company changes (BRELA)
- × Regulatory advisory
- × Corporate compliance support

Investor Matching & Industrial Park Facilitation

08

We facilitate the strategic matching of investors with suitable industrial parks and development zones across Tanzania, ensuring alignment between investor needs and available opportunities.

Key Outcomes:

- × Access to vetted industrial park opportunities
- × Reduced investment risk through due diligence
- × Faster project entry and decision-making

Services Include:

- × Identification of suitable industrial parks across Tanzania
- × Investor-developer matching (e.g., HCEG and other industrial parks)
- × Due diligence (commercial, technical, and regulatory)
- × Coordination of site visits and stakeholder engagements
- × Investment structuring and facilitation of agreements
